STONE CHURCH
Leeds, Greene County, New York

HABS
NY,
20-LEED,
2-

Date built: Eighteenth century

Present condition: Excellent

Description:

Stone; wood steeple.

Additional data:

This church is a very good example of one of the fine old stone churches built during the 1700's by some of the Palatines or Germans who settled in this region, although the people in the surrounding community claim there were more Huguenots there than people of the Paletine.
